Attention please!

Dear students. Tomorrow we're going on the trip, so here are some rules which you have to follow. The trip is not to the castle as I said two weeks ago. We're going to the lake district. Please remember to take a note from parents if you want to practise canoeing. Only those who have the note from the parents can swim and participate in the canoeing.

Another thing is the weather can be hot and very sunny so please take some sun cream and glasses. You don't have to take any umbrellas because we have got 20 umbrellas on the bus. I don't think we should need them because the weather will be excellent.

Finally don't go anywhere on your own. Always listen to your teachers and what is the most important be careful in the forest because the animals can be dangerous.

Have a good time and see you tomorrow at nine in the morning at the school bus stop.
